

# ...with complimentary design and engineering solutions

**adbri** MASONRY

# Custom Design and Engineering Solutions.

Our Contracting Services team has gained a reputation for supporting designers with proven results for civil, commercial and industrial projects.

**We can help fast track your project with:**

## **COMPLIMENTARY PRELIMINARY DESIGNS**

Let us analyse your project requirements and our Project engineers will provide you with the optimum retaining wall, paving or erosion control solution.

## **COMPLIMENTARY DESIGN SOFTWARE AND DESIGN DETAILS**

We can provide you with typical design details to support your documentation. Upon request we can also provide free retaining and segmental/permeable paving design software.

## **COMPLIMENTARY PROJECT COSTINGS**

We have the knowledge, experience and resources to provide you with accurate project costings inclusive of supply, installation and design and construction certification.

**Take advantage of these complimentary services by contacting our Project Engineers direct:**

**E - [contracting@adbri.com.au](mailto:contracting@adbri.com.au)**

**P - 0418 785 991 or 0439171275**

## Working with Adbri Masonry

Adbri Masonry is Australia's leading masonry manufacturer supplying quality concrete bricks, blocks, pavers, retaining walls, erosion control products, architectural masonry and reconstituted stone veneers from 15 sites throughout Australia. Since producing our first blocks in 1957 we have traded under brands including; Besser, Rocla Pavers and Masonry, Pioneer, Hanson Building Products Pty Ltd and C&M Brick before rebranding as Adbri Masonry in 2009.
